and Programming

800 Independence Ave., SW  
Washington, DC 20591

---

February 2004

Dear Airport Official:

This letter serves as a reminder that calendar year 2003 all-cargo data are due to the Federal Aviation Administration (FAA) by March 31, 2004. Calendar year 2003 data will be used to determine the allocation of fiscal year 2005 Airport Improvement Program (AIP) cargo entitlement funds.

Please note that all-cargo reporting is limited to aircraft operations dedicated to the exclusive transportation of cargo. By submitting data contained on FAA Form 5100-108 (paper or electronic) you are certifying, under penalty of perjury, that the information provided is true, correct and complete to the best of your knowledge, information and belief. The four items listed below are enclosed for your use in compiling and reporting data:

- Enclosure 1 - contains the address for submitting data as well as outlines deadlines, reporting requirements, and formats.
- Enclosure 2 - identifies maximum landed weight by aircraft model, to be used for data reporting.
- Enclosure 3 - identifies cargo carriers and codes, to be used for data reporting.
- Enclosure 4 - lists airport location identifiers for airports reporting cargo data.

If you are not already doing so, we encourage you to report your all-cargo data electronically. Approximately 75 percent of the airports submitting data are doing so electronically. Electronic submissions may be an ASCII Text (.txt), Comma Separated Value (.csv) or Excel (.xls) file. Section IV of Enclosure 1 contains further guidance on electronic reporting. All of the enclosures, along with a downloadable Excel template, are posted online at: <http://www.faa.gov/arp/planning/stats/>.

If you have any questions or comments, please call Ms. Sharon Glasgow at (202) 267-8739 or e-mail her at [Sharon.Glasgow@faa.gov](mailto:Sharon.Glasgow@faa.gov).

Sincerely,

Robert W. Yatzeck  
Manager, National Planning Division
